Preston Reservoir Adult Community Education (PRACE) has a 20-year history of providing innovative and high quality Adult Community Education (ACE) programs. Over this period PRACE has increased significantly in size and scope of activities and currently receives funding from a range of local, state and federal government departments.

PRACE also manages the Merrilands Community Centre on behalf of the City of Darebin, supporting over 30 community groups who access the Centre. The PRACE program, both education and community development, operates across 2 main sites in Reservoir as well as in a range of other community venues within the Northern Metropolitan area.

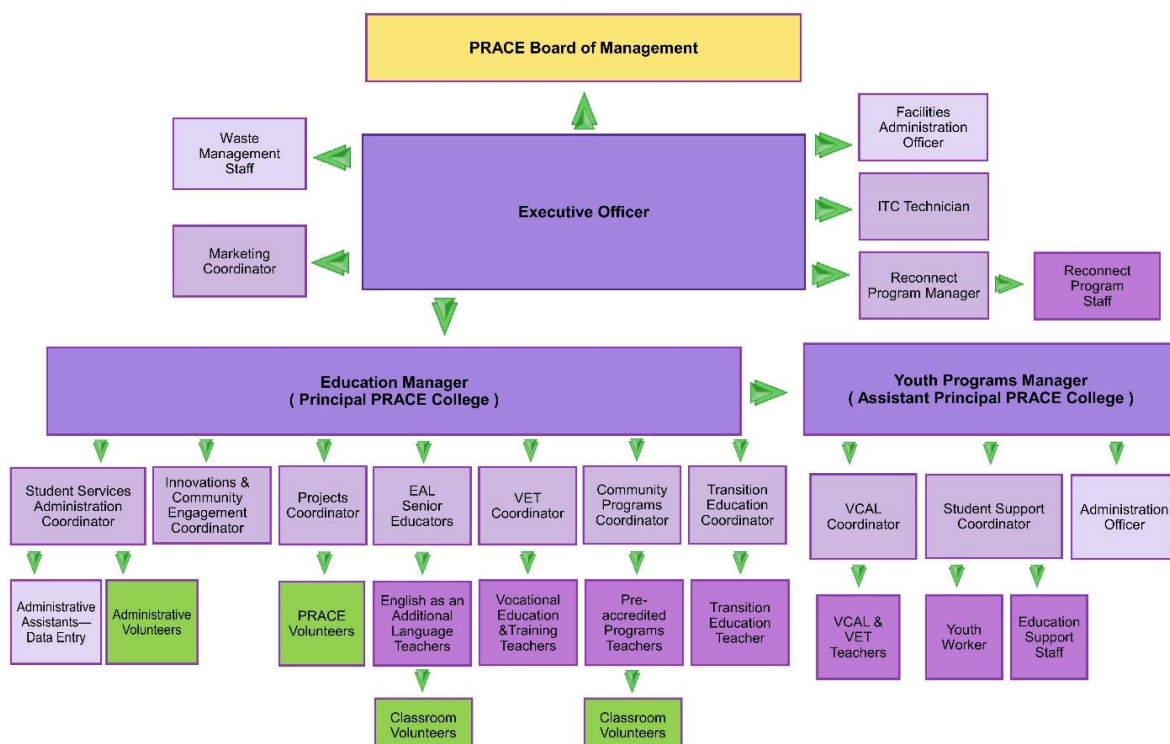

In 2017 PRACE became registered as an independent school. The school program area of PRACE is called PRACE College and has up to 50 students in any one year. As a senior secondary school only years 11 and 12 are provided via the Victorian Certificate of Applied Learning (VCAL), levels Foundation and Intermediate.

PRACE College's educational philosophy is intricately linked to PRACE's vision, mission and values. PRACE College strives to develop dynamic, responsive and innovative educational programs, teaching and learning experiences that ensure equitable access to resources and strengthens the capacity of all young people to participate fully in their community and society overall.

We believe that all young people should be able to positively engage in education regardless of their life circumstances and barriers to learning. Education should not just focus on academic attributes but on the whole person, providing active support for their social and emotional development and their immediate living circumstances while supporting the development of knowledge and skills required to successfully contribute to a prosperous, equitable and socially inclusive society.

In doing so, PRACE aims to provide relief for young people of such human poverty, sickness, suffering, distress, misfortune, disability, destitution or helplessness as arouses compassion, unrestricted by gender, race, sectarian belief or political ideology for the betterment of the quality of life of the disadvantaged in the community.
